Professional Experience

PHP Developer Intern | Dec 2024 – Mar 2025

- **Building a Project Management System** with **leave requests, dispute resolution, and absence tracking**.
- **Designed & integrated a manager calendar** with **color-coded leave statuses, hover effects, and filters** for efficient tracking.
- **Enhanced authentication & security**, implementing **flash messages** and preventing duplicate registrations.
- **Optimized database & backend performance** for a seamless user experience.

Projects

Project Management System (PHP, MySQL)

A complete system for managing **leave requests, disputes, and calendar-based tracking** with authentication and role-based access.

AI-Powered Code Reviewer (MERN, AI)

An **intelligent code analysis platform** that provides **automated feedback** and improves **code quality**.

Dynamic Listing Platform (Full-Stack)

Built with **React, Node.js, and MongoDB**, featuring **advanced filtering, search, and responsive UI** for easy content discovery.

Library & Notes Website (Full-Stack)

Authentication-based **digital library** with secure **file uploads, user management, and seamless UI/UX**.

E-commerce & Earbuds Website (Frontend)

Modern **Next.js & React-based** designs with **engaging animations and optimized user experience**.

Education

Bachelor of computer Applications (BCA)

Makhanlal chaturvedi National University of journalism and Communication.

Skills

Full-Stack Development

PHP, MySQL, MERN Stack (MongoDB, Express.js, React, Node.js)

Frontend Development

React.js, Next.js, JavaScript, Bootstrap, Tailwind CSS, Animations

Project Management & Tools

Git, GitHub, Render, Deployment, Debugging

Backend & APIs

PHP, Node.js, RESTful APIs, Authentication, Security

Database Management

MySQL, MongoDB, Query Optimization

Problem Solving & Optimization

Efficient Code Writing, Debugging, Performance Tuning
